Unless we state otherwise or the context otherwise requires, the terms “DTI,” the “Company,” “we,” “us,” and “our” in this prospectus refer to Drilling Tools International Corporation, a Delaware corporation, and its consolidated subsidiaries.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements and information in this prospectus and the documents we incorporate by reference may constitute “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933 (the “**Securities Act**”) and Section 21E of the Exchange Act, including statements regarding our future results of operations and financial position, business strategy and plans and our objectives for future operations and future liquidity. The words “may,” “will,” “should,” “could,” “expect,” “anticipate,” “believe,” “estimate,” “intend,” “continue” and other similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs. These forward-looking statements involve risks and uncertainties that could cause our actual results to differ materially from those expressed or implied in our forward-looking statements. Such risks and uncertainties include, but are not limited to:

- the demand for our products and services, which is influenced by the general level activity in the oil and gas industry;
- our ability to retain our customers, particularly those that contribute to a large portion of our revenue;
- our ability to employ and retain a sufficient number of skilled and qualified workers, including our key personnel;
- the impact of our status as an emerging growth company and smaller reporting company;
- our ability to source tools at reasonable cost;
- our customers’ ability to obtain required permits or authorizations from applicable governmental agencies and other third parties;
- our ability to market our services in a competitive industry;
- our ability to execute, integrate and realize the benefits of acquisitions, and manage the resulting growth of our business;
- our ability to obtain new technology that may become prevalent in the OFS industry;
- potential liability for claims arising from damage or harm caused by the operation of our tools, or otherwise arising from the dangerous activities that are inherent in the oil and gas industry;
- the impact of the COVID-19 pandemic;
- application of oilfield anti-indemnity limitations enacted by certain states;
- our ability to obtain additional capital;
- the impact of restrictive covenants in our credit facility;
- the impact of indebtedness incurred to execute our long-term growth strategy;
- potential political, regulatory, economic and social disruptions in the countries in which we conduct business, including changes in tax laws or tax rates;
- our dependence on our IT systems, in particular customer order management portal and support system (“**COMPASS**”), for the efficient operation of our business;

- our ability to comply with applicable laws, regulations and rules, including those related to the environment, greenhouse gases and climate change;

[Table of Contents](#)

- our ability to protect our intellectual property rights or trade secrets;
- our ability to maintain an effective system of disclosure controls and internal control over financial reporting;
- the potential for volatility in the market price of the Common Stock;
- the impact of increased legal, accounting, administrative and other costs incurred as a public company, including the impact of possible shareholder litigation
- the potential for issuance of additional shares of Common Stock or other equity securities, including sales of shares of Common Stock that can be offered and sold pursuant to this prospectus;
- our ability to maintain the listing of the Common Stock on Nasdaq;
- the impact of industry or securities analysts changing their recommendation, or failing to cover, the Common Stock;
- the impact of our status as a “controlled company;”
- other risks and uncertainties described in this prospectus, including those under the section entitled “Risk Factors,” and those risks and other factors discussed in Part I, Item 1A, “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2023, in Part II, Item 1A, “Risk Factors,” in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2024, as well as in our consolidated financial statements, related notes, and the other financial information appearing elsewhere in that report and our other filings with the SEC.

Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. We do not intend, and undertake no obligation, to update any of our forward-looking statements after the date of this prospectus to reflect actual results or future events or circumstances. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

RISK FACTORS

Investing in our common stock involves risks. You should carefully consider the risk factors described in Part I, Item 1A, “Risk Factors,” in our Annual Report on Form 10-K for the year ended December 31, 2023, in Part II, Item 1A, “Risk Factors,” in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2024 and our other reports filed from time to time with the SEC, which are incorporated by reference into this prospectus, as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act, as well as any prospectus supplement relating to any specific security. Before making any investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus or in any applicable prospectus supplement. For more information, see the sections entitled “Information Incorporated By Reference” and “Where You Can Find More Information” on pages 2 and 19, respectively, of this prospectus. These risks could materially affect our business, results of operations or financial condition and affect the value of our common stock. You could lose all or part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business, results of operations or financial condition.

USE OF PROCEEDS

We will not receive any proceeds from the sale by Selling Stockholders of our Common Stock.

DESCRIPTION OF SECURITIES

The following description sets forth certain material terms and provisions of the securities of Drilling Tools International Corporation (the “**Company**”) that are registered under Section 12 of the Securities Exchange Act of 1934, as amended. This description also summarizes relevant provisions of Delaware law. The following summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the applicable provisions of Delaware law and our second amended and restated certificate of incorporation (the “**Certificate of Incorporation**”) and our amended and restated bylaws (the “**Bylaws**”), copies of which are filed herewith and incorporated by reference herein. We encourage you to read our certificate of incorporation, our bylaws, and the applicable provisions of Delaware law for additional information.

Authorized and Outstanding Capital Stock

Our Certificate of Incorporation authorizes the issuance of 500,000,000 shares of the Common Stock, \$0.0001 par value per share (the “**Common Stock**”) and 10,000,000 shares of preferred stock, \$0.0001 par value. The outstanding shares of Common Stock are duly authorized, validly issued, fully paid and non-assessable. As of January 14, 2025, there were 35,592,737 shares of Common Stock issued and outstanding and no shares of preferred stock issued or outstanding.

Voting Power

Except as otherwise required by law, our Certificate of Incorporation or as otherwise provided in any certificate of designation for any series of preferred stock, stockholders possess all voting power for the election of directors and all other matters requiring stockholder action. Except as otherwise provided in our Certificate of Incorporation or expressly required by law, stockholders are entitled to one (1) vote per share on matters to be voted on by stockholders.

Except as otherwise required by law, stockholders, as such, are not entitled to vote on any amendment that relates solely to the rights, powers, preferences (or the qualifications, limitations or restrictions thereof) or other terms of one or more outstanding series of preferred stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant our Certificate of Incorporation or pursuant to the Delaware General Corporation Law (the “**DGCL**”).

Dividends

Subject to applicable law and the rights and preferences of any holders of any outstanding series of preferred stock, stockholders, as such, are entitled to the payment of dividends on the Common Stock when, as and if declared by the Board of Directors (the “**Board**”) in accordance with applicable law.

Liquidation, Dissolution and Winding Up

Subject to the rights and preferences of any holders of any shares of any outstanding series of preferred stock, in the event of any liquidation, dissolution or winding up of the Company, whether voluntary or involuntary, the funds and assets of the Company that may be legally distributed to stockholders will be distributed among the holders of the then outstanding Common Stock *pro rata* in accordance with the number of shares of Common Stock held by each holder.

Preemptive or Other Rights

Subject to the preferential rights of any other class or series of stock, all shares of Common Stock have equal dividend, distribution, liquidation and other rights, and have no preference or appraisal rights, except for any appraisal rights provided by the DGCL. Furthermore, holders of Common Stock have no preemptive rights and there are no conversion, sinking fund or redemption rights, or rights to subscribe for any of our securities.

[Table of Contents](#)

The voting, dividend, liquidation, and other rights and powers of the Common Stock are subject to and qualified by the rights, powers and preferences of any series of preferred stock as may be designated by the Board and outstanding from time to time.

Election of Directors

The Board is divided into three classes, each of which generally serves for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors.

Preferred Stock

Our Certificate of Incorporation provides that shares of preferred stock may be issued from time to time in one or more series. The Board is authorized to fix the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, of any series of preferred stock, including, without limitation, authority to fix by resolution the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, and liquidation preferences of any such series and the number of shares constituting any such series and the designation thereof, or any of the foregoing. The Board can, without Stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of Common Stock and could have anti-takeover effects. The ability of the Board to issue preferred stock without Stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management.

We have no preferred stock outstanding at the date hereof.

Transfer Agent

The transfer agent for the Common Stock is Continental Stock Transfer & Trust Company (“**Continental**”). We have agreed to indemnify Continental in its role as transfer agent, its agents and each of its stockholders, directors, officers and employees against all liabilities, including judgments, costs and reasonable counsel fees that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence, willful misconduct or bad faith of the indemnified person or entity.

Certain Anti-Takeover Provisions of Delaware Law, our Certificate of Incorporation and Bylaws

Section 203 of the DGCL

We have not opted out of Section 203 of the DGCL in our Certificate of Incorporation. This statute prevents us, under certain circumstances, from engaging in a “business combination” with:

- a stockholder who owns 10% or more of our outstanding voting stock (otherwise known as an “interested stockholder”);
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interest stockholder.

A “business combination” includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- the Board approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction;
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of Common Stock; or

Table of Contents

- on or subsequent to the date of the transaction, the business combination is approved by the Board and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Under certain circumstances, declining to opt out of Section 203 of the DGCL will make it more difficult for a person who would be an “interested stockholder” to effect various business combinations with us for a three-year period. This may encourage companies interested in acquiring us to negotiate in advance with the Board because the stockholder approval requirement would be avoided if the Board approves the acquisition which results in the stockholder becoming an interested stockholder. This may also have the effect of preventing changes in the Board and may make it more difficult to accomplish transactions which stockholders may otherwise deem to be in their best interests.

Classified Board of Directors

Our Certificate of Incorporation provides that the Board is divided into three classes of directors, with the classes to be as nearly equal in number as possible, and with each director serving a three-year term. As a result, approximately one-third of the Board is elected each year. The classification of directors has the effect of making it more difficult for stockholders to change the composition of the Board.

Authorized but Unissued Shares

The authorized but unissued shares of Common Stock and preferred stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of the Nasdaq. These additional shares may be used for a variety of corporate finance transactions, acquisitions and employee benefit plans. The existence of our authorized but unissued and unreserved shares of Common Stock and preferred stock could make it more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Written Consent by Stockholders

Under our Certificate of Incorporation, subject to the rights of holders of preferred stock, any action required or permitted to be taken by the stockholders must be effected at an annual or special meeting of stockholders and may not be taken by written consent in lieu of a meeting.

Special Meeting of Stockholders

Under our Certificate of Incorporation, subject to the terms of any series of preferred stock, special meetings of stockholders may be called only by the Board, the chairperson of the Board, the Chief Executive Officer, or the President, and may not be called by any other person or persons. Only such business shall be considered at a special meeting of stockholders as shall have been stated in the notice for such meeting.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Under our Certificate of Incorporation, advance notice of Stockholder nominations for the election of directors and of business proposed to be brought by stockholders before any meeting of the stockholders must be given in the manner provided in our Bylaws.

Amendment of Certificate of Incorporation or Bylaws

Our Bylaws may be amended or repealed by the Board or by the affirmative vote of the holders of at least 66 2/3% of the total voting power of all of the shares of our capital stock entitled to vote in the election of directors, voting as one class. The affirmative vote of the holders of at least 66 2/3% of the total voting power of all the then outstanding shares of Common Stock entitled to vote thereon, voting together as a single class, is required to amend certain provisions of our Certificate of Incorporation.

Board Vacancies

Subject to the special rights of the holders of one or more outstanding series of preferred stock to elect directors, except as otherwise provided by law, any vacancies on the Board and any newly created directorships resulting from any increase in the number of directors are filled exclusively by the affirmative vote of a majority of the directors then in office, even though less than a quorum, or by a sole remaining director (other than any directors elected by the separate vote of one or more outstanding series of preferred stock), and are not filled by the stockholders. Any director appointed in accordance with the preceding sentence holds office until the expiration of the term to which such director shall have been appointed or until his or her earlier death, resignation, retirement, disqualification, or removal.

Exclusive Forum

Unless the Company consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, if the Court of Chancery does not have jurisdiction, another state court in Delaware or the federal district court for the District of Delaware) is, to the fullest extent permitted by law, the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of the Company, (b) any action asserting a claim of breach of a fiduciary duty owed by any director, stockholder, officer or other employee of the Company to the Company or stockholders, (c) any action arising pursuant to any provision of the DGCL or our Certificate of Incorporation or Bylaws (as either may be amended from time to time) or (d) any action asserting a claim governed by the internal affairs doctrine, except for, as to each of (a) through (d) above, any claim as to which such court determines that there is an indispensable party not subject to the jurisdiction of such court (and the indispensable party does not consent to the personal jurisdiction of such court within 10 days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than such court or for which such court does not have subject matter jurisdiction.

Unless the Company consents in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the sole and exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act against any person in connection with any offering of Company securities, including, without limitation and for the avoidance of doubt, any auditor, underwriter, expert, control person, or other defendant.

There is uncertainty as to whether a court would enforce the exclusive forum provision of our Certificate of Incorporation. Holders of Common Stock cannot waive compliance with federal securities laws and the rules and regulations promulgated thereunder. The exclusive forum provision of our Certificate of Incorporation does not apply to actions arising under the Exchange Act.

Limitation on Liability and Indemnification of Directors and Officers

Our Certificate of Incorporation provides that our directors and officers will be indemnified and advanced expenses by us to the fullest extent authorized or permitted by the DGCL as it now exists or may in the future be amended. No director or officer of the Company has any personal liability to the Company or its stockholders for monetary damages for any breach of fiduciary duty as a director or officer, as applicable, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or hereafter may be amended.

Our Bylaws also permit us to purchase and maintain insurance on behalf of any officer, director, employee or agent of us for any liability arising out of his or her status as such, regardless of whether the DGCL would permit indemnification.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our

[Table of Contents](#)

stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Listing of Securities

The Common Stock is currently listed on the Nasdaq under the symbol "DTI".

We may supplement this prospectus from time to time in the future to update or change this list of Selling Stockholders and the number of shares of Common Stock that may be offered and sold by any Selling Stockholder. The Selling Stockholders may also sell shares of Common Stock pursuant to an exemption from regulation pursuant to Rule 144 under the Securities Act, if available, rather than under this prospectus.

Transactions may be effected by the Selling Stockholders at market prices prevailing at the time of sale or at negotiated prices. The Selling Stockholders may effect such transactions by selling the securities to underwriters or through broker-dealers, and such underwriters or broker-dealers may receive compensation in the form of discounts or commissions from the selling stockholder and may receive commissions from the purchasers of the securities for whom they may act as agent. The Selling Stockholders may agree to indemnify any underwriter, broker-dealer or agent that participates in transactions involving sales of the shares of Common Stock against certain liabilities, including liabilities arising under the Securities Act.

In connection with sales of the securities under this prospectus, the Selling Stockholders may enter into hedging transactions with broker-dealers, who may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders also may sell securities short and deliver them to close their short positions, or loan or pledge the securities to broker-dealers that in turn may sell them.

The Selling Stockholders and any underwriters, dealers or agents that participate in distribution of the securities may be deemed to be underwriters, and any profit on sale of the securities by them and any discounts, commissions or concessions received by any underwriter, dealer or agent may be deemed to be underwriting discounts and commissions under the Securities Act.

There can be no assurances that the Selling Stockholders will sell any or all of the securities offered under this prospectus.
